Most Popular Frequently Asked Questions

Do we have WIFI? Is there internet? Can I get Mobile Data?

We offer Starlink internet connection onboard. You may purchase various data packages onboard (please refer to Know-Before-You-Go document.) You can use your own device (WIFI) or provided desk top computers to access the internet.

Palau recently started 4G services. However, as most of the areas we are in will not have mobile signal, the use of a local sim card is very limited. Thus, we do not encourage our guests to buy a local sim card as the cost of the sim card and adding credits will be about 40USD already. Also, new regulation requires the user of the sim card register their particulars at time of purchase.

What is the Cruise Itinerary?

Our Know Before You Go, Itineraries and many more other information can be found at Dropbox

(<https://www.dropbox.com/scl/fo/7ddro75bwithhdussifa2/AO4tFbvwrJbASlTn1c4qVQ?rlkey=gvsvx4krq504mfa8oni2d0857&dl=0>)

What do I need to pay (per person) for a 7 Nights itinerary that is not included and are not personal incidentals expenses ?

- A. Peleliu Diving Permit 120USD + Koror Rock Island Permit 100USD = 220USD (DEFINITELY, Pay on board on first briefing)
 B. State Bed/Cabin Tax: 70USD (or i.e. 100USD for 11D10N, 120USD for 13D12N etc.)

The permits and taxes are subject to change at time of your embarkation

These permits are not payments to us but to the respective authorities. As such, only CASH payment is collected. (A) is pre purchased.

What Currency do we accept? Can I pay with Credit Card?

US Dollars is Palau's official local currency and Yes you can pay with credit card. Except for the Permit fees (see previous FAQ above) and gratuities for the crew, all other incidentals such as alcohol, equipment hire, EANitrox use, etc can be paid with Credit Card. Credit Payment is available on board (Visa, Mastercard, Diners, JCB, and Discover)

Do you have Nitrox? How much?

We have decided to provide a EAN30% instead of EAN32% to allow a safer M.O.D. The dive sites in Palau coupled with the currents, a EAN30% would provide some degree of depth buffer when you are caught in a down current especially. EAN30% will still allow ample length of bottom time with a safer M.O.D. EANitrox Prices are as follows +8USD per Dive OR 140USD for a 7 nights trip.
