

Banda Sea

8 Nights / 9 Days

SOLITUDE ADVENTURER

Day 1 - (Embarkation Day) Our crew will be waiting to greet you at Pattimura Airport in Ambon. After you are comfortably settled onboard and have completed registration, there will be a safety/orientation briefing. After lunch, schedule allowing, we will have a check dive at one of the the famous black sand dive sites in the Laha, Ambon area.

Day 2 - Today we wake up in the Banda Sea! Today you begin to experience the awesome beauty and excitement of the Banda Sea with its healthy coral, giant sponges, and unpredictable marine life. We'll have 3-4 dives around the islands of Suanggi and Run.

Day 3 & 4 - For the next 2 days we're at Manuk island. We wake up to the sight of a volcano in the middle of nowhere! Several species of sea birds circle overhead. We have 3-4 dives around Manuk island today. Beautiful corals, and a multitude of fish species call this place home. When the current relaxes, you can slow down to search for interesting macro critters that hide in the coral. You will also have a chance to dive with many sea snakes today, as Manuk island is also called "Snake island". If you're lucky there's a possibility to see the elusive Hammerhead shark. We sail overnight northward to the Banda islands.

Day 5 - 7 - For the next 3 days we dive around the group of islands known as the Banda islands. There are a few islands to choose from, and will be dependent on the weather and cruise schedule: These days are flexible. Wherever the dives will be, there'll always be plenty of beautiful coral and schools of fish. Pulau Run has dramatic walls and a white sand beach, Pulau Hatta has great wall diving, pristine coral, and schooling fish, Banda Neira with abundant reefs and also a possibility of a historical land tour, and Pulau Suanggi has an extensive underwater reef structure and dramatic walls full of life.

Day 8 - Today we'll have 2 morning dives, either around Suanggi island or the island of Nusa Laut. In the afternoon we make our way to Ambon.

Day 9 - Disembarkation (Ambon) Our crew will transport you to the airport and say goodbye. We look forward to seeing you onboard again! Thank you

*Itinerary subject to change, due to inclement weather, sea conditions, and/or restrictions posted by local authorities.

Itinerary

Day 1 : Ambon (Embarkation)
